Subject: testimony for S.B.NO.320

I am Gregg Marchand from Willimantic and I agree with [S.B. No. 320](#) (COMM) AN ACT PROHIBITING PRICE GOUGING DURING SEVERE WEATHER EVENTS. On the grounds especially the gasoline companies. One day I pay \$3.58 two days later I pay \$3.88. How may I ask is this legal when oil/gas companies are gouging every other day? Why is it lawmakers are not complaining about this type of gouging? Put an end to this. It is obvious corruption yet no representatives are complaining about this type of price gouging When this really hits home the hardest. If representatives stuck together this would stop. Thank you Gregg marchand p.o. box 244 north windham,ct 06256
